

The expertise and know-how to ensure each project gets fully funded and built

We engage with city officials, local businesses, foundations, and the community at large to ensure each project is fully funded and embraced by the community. Every donation given is meaningful, appreciated and acknowledged.

YOUR CITY, YOUR PLAYGROUND, STARTING WITH YOU

Magical Bridge playgrounds are destination public playgrounds and belong to the cities who partner with us on them. Our success begins **by building strong relationships with City Council members and Park Districts teams** to ensure critical stakeholders drive important decisions about the design, park location, marketing, timing and funding of the playground.

COMPANY AND FOUNDATION PARTNERS

With over a decade of experience, we connect, cultivate, and nurture relationships with companies and foundations that align with our core values and support our mission.

We mobilize global corporations, local and family-owned businesses and foundations who are excited to demonstrate their commitment to creating more inclusive communities.

EVERY DONATION COUNTS

From lemonade stands to district-wide school coin drives to bingo nights at the senior center, we ignite a grassroots momentum of fundraising. These volunteers and community groups are critical to making each of our playgrounds a reality, and we appreciate their enthusiasm and every donation immensely!

“

To say that these parks have been a success would be an understatement. Families, both with and without disabilities, drive for miles to experience them and we want to create more places like Magical Bridge in the communities where they live.

”

-Joe Simitian, *President*
Santa Clara County Board of Supervisors

A SAMPLE OF OUR MANY GENEROUS DONORS:

Major corporate partners and foundations are excited to showcase their commitment to their local communities and truly inclusive public spaces. Many commit to multiple projects.

Building the nation's most innovative and inclusive playgrounds all abilities all ages all welcome
