A New Kind of Community Playground

Regardless of Ability, Disability, Size or Age, Everyone Plays Together at Magical Bridge Playground.

Magical Bridge Playground in Sunnyvale will feature elements inspired by the area’s unique landscape and incorporate values of its community.

The play zones planned for Sunnyvale’s Fair Oaks Park development include:

- Innovation Zone
- Tot Zone
- Spin Zone
- Kindness Corner
- Slide Mound
- Swing & Sway Zone
- Playhouse & Stage

Where Everyone Plays

The first of its kind, Magical Bridge Playground is a public play space that delights everyone — all ages, all sizes, and all abilities.

Magical Bridge Playground addresses the unique play needs of everyone in the community. While an estimated 20% of our nation’s individuals are living with a disability, only 10% of them use a mobility device. That means that the other 90% are living with autism, sensory challenges, cognitive and developmental issues, and complications that arise from aging. They play differently and, until now, the needs of this large subset of our community have not been considered.

The success of Magical Bride Playground clearly illustrates how today’s typical park designs overlook so many — and how important it is for the health and wellbeing of every community for *everybody* to have a place to play together.
